With Psalms: The School of Prayer, The Great Adventure moves from telling the story to making it personal. While the historical books of the Bible recount God's creative and redemptive acts in history, the Psalms reveal Israel's response to God's covenant and serve as a model for our response to Him. Indeed, one could say that the historical books tell the "outside" of the story of Israel by giving an historical perspective, while the Psalms tell the "inside" story, which comes from the deeply personal perspective of one who is seeking God. Our communication with God is enhanced by a deeper understanding of the book of Psalms and of the individual psalms that reside in each of our hearts.
